

Love Where You Work

For many North Shore business people the cost and lost productivity of commuting is making them rethink their options. "Can I have a "downtown" quality, professionally run office without needing to leave the North Shore?"

Griffin Business Centre near Capilano Mall is a fully furnished executive office complex. David Laniado, President of Griffin Development started out with a simple philosophy: to create the ultimate entrepreneurial incubator.

*"After looking at many options in Vancouver I discovered Griffin Centre in my own back yard" says Ron Spence of **Spence Software**.*

*"Griffin Centre has given us affordable, secure and professional office space to grow our company" adds Richard Hart of **Ethical Entertainment**.*

With a campus-like setting, ample free parking, beautifully crafted work spaces, boardrooms, sound proofed meditation room and reception areas, the Griffin Centre is exceptional.

"We have lots of open spaces, two kitchen areas, an outside picnic table, bike racks and showers," says Laniado. "It's very North Shore."

Griffin Centre also offers what they call "Virtual Offices"; "For as little as \$70 a month we can provide someone working out of their home with a professional identity package" says Laniado. Clients can add extras such as meeting room time and telephone answering as needed.

If your current work space no longer makes sense, or you've had your fill of the cross town commute, you owe it to yourself to check out the Griffin Centre.

There is a better way.
